

nexusTM

FRAME SYSTEM

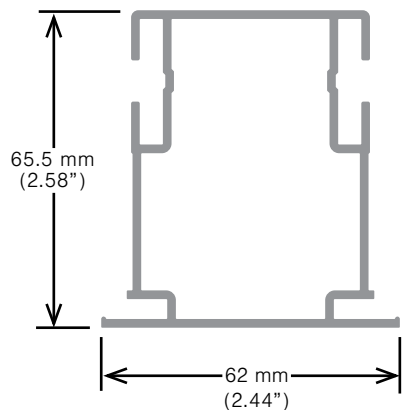

With Nexus, you can build pre-engineered, modular structures with ease. Interconnecting frames come in standard and custom sizes allowing for full flexibility of design, scope and scale.

Tool-Free, Easy to Install Frame System

With Nexus, you can build pre-engineered, modular structures with ease. Interconnecting frames come in standard and custom Sizes allowing for full flexibility of design, scope and scale.

Notched corner available for continuous SEG fabrics.

Features

- Tool-free for quick installation
- Standard and custom components for unlimited design options
- Reconfigurable for changing needs
- Lightweight for easy handling
- Hard and soft surfacing options
- Compatible with entire Agam system

Each frame is held together in every corner with a **miter connector**.

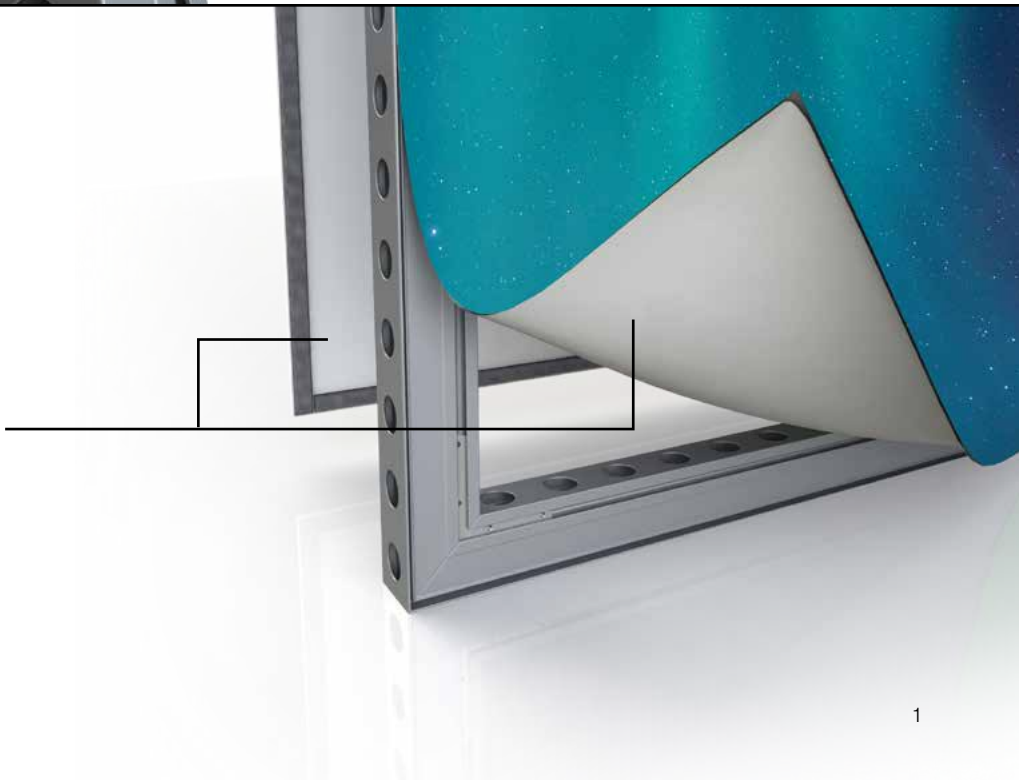

How It Works

The Nexus system allows you to adjust, rearrange and reuse components as you go. Choose from our standard Sizes or customize a frame Size to meet your individual requirements.

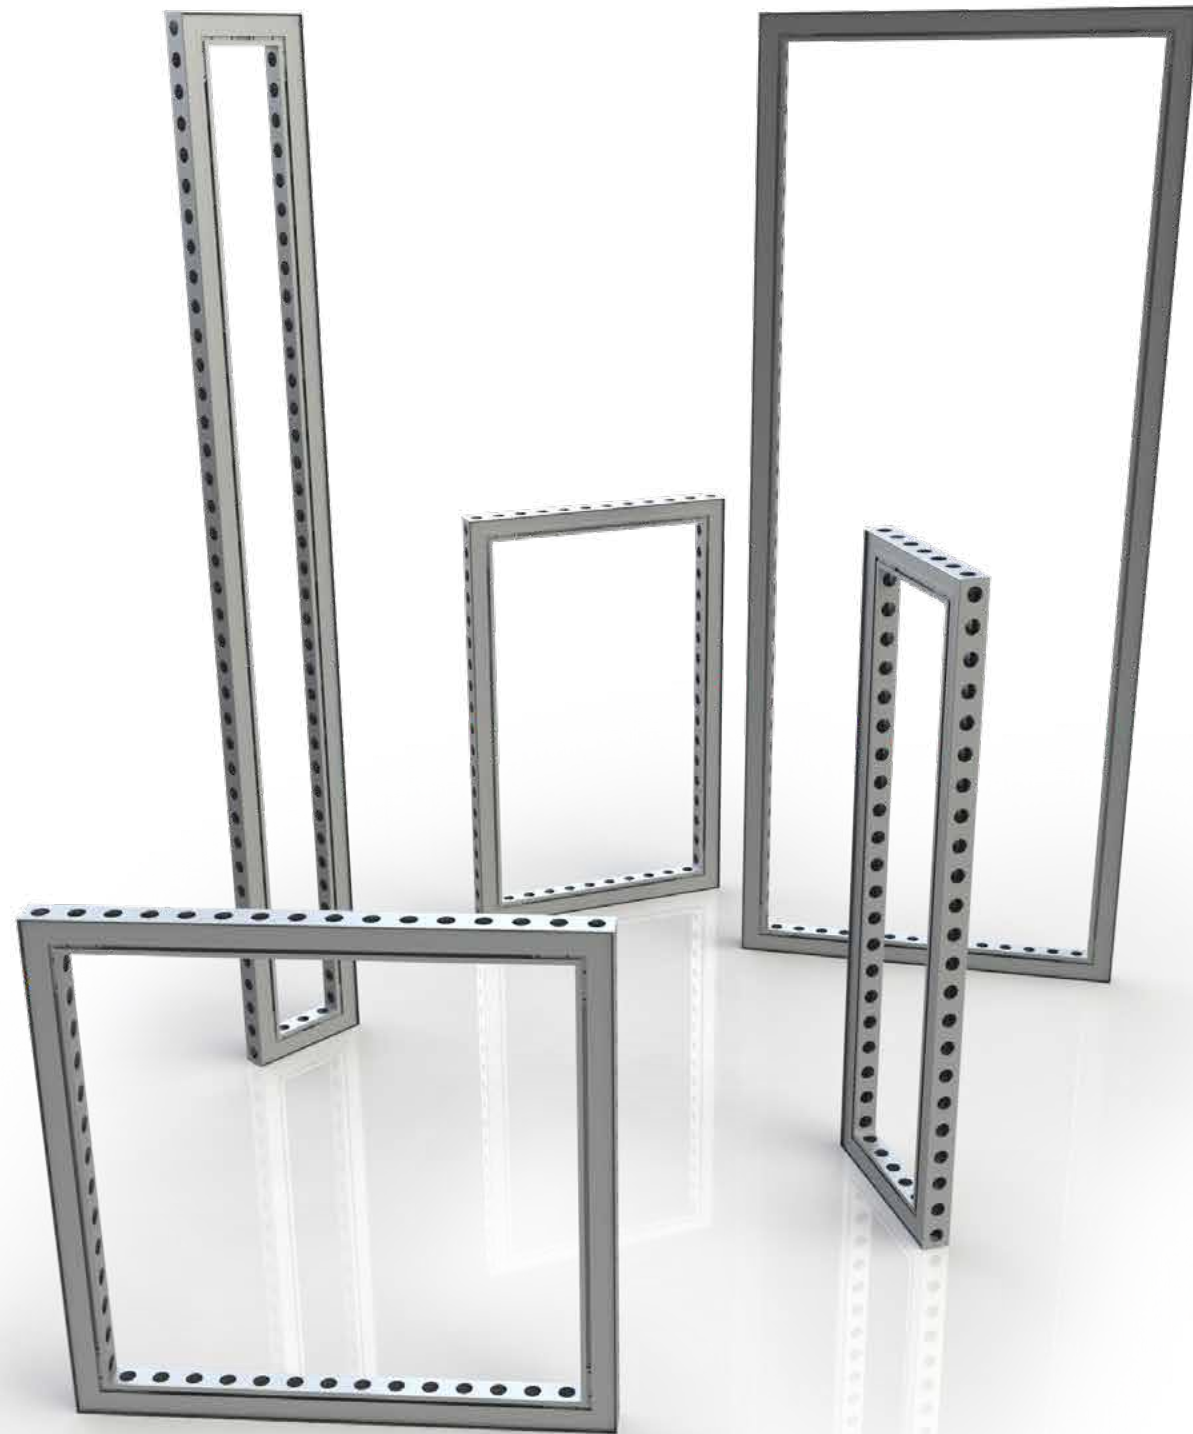

Connecting frames is easy with a series of **in-line connectors**.

Finish off the frames with **hard** or **soft** surfacing options

NEXUS Vue™

Elegant Frame Design that Lets in the Light

Use Nexus Vue with our standard Nexus frames to create openness to your structures. Vue frames are perfect for bringing light into conference rooms and offices.

Vue Gasket

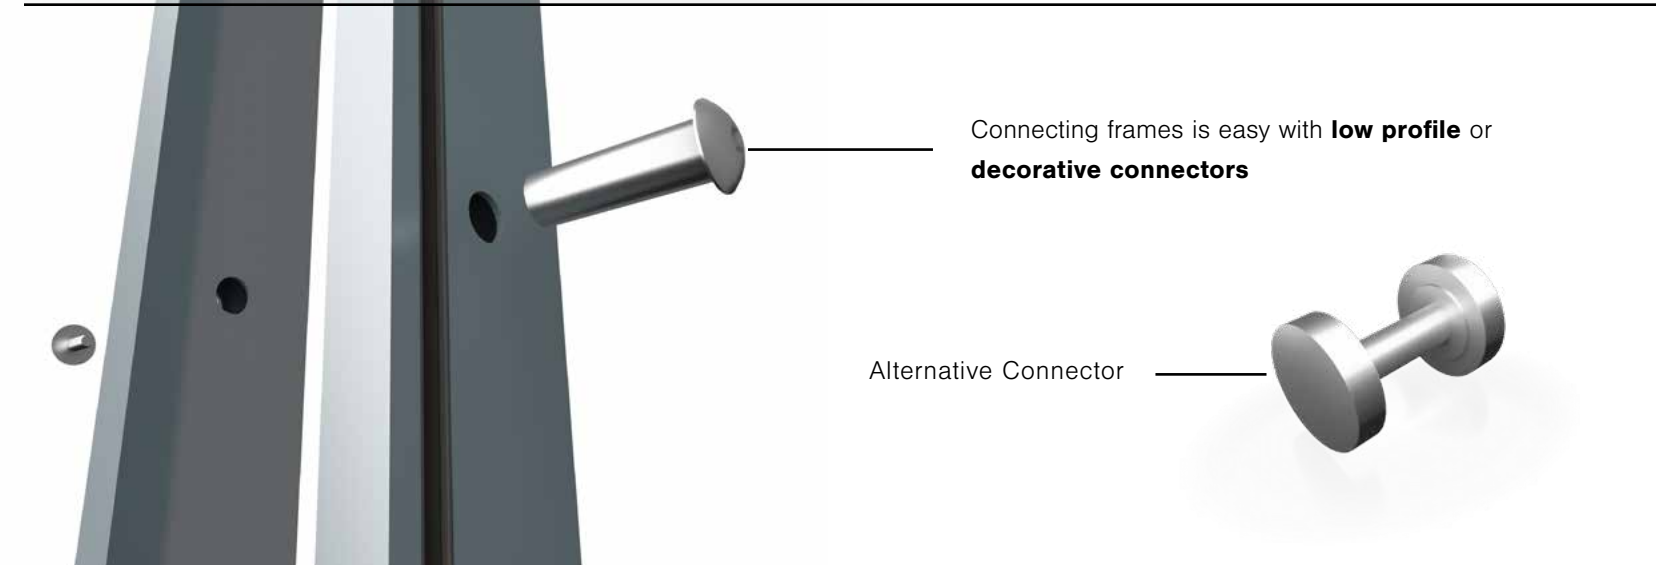

Features

- Use as full frames, clerestory, or traditional windows
- Accepts 1/4" thick or 1/8" thick glass or acrylic
- Two types of hardware depending on desired aesthetic
- Seamlessly connects to standard Nexus frames
- Apply graphic treatments for semi-private look
- Powder coat to practically any color

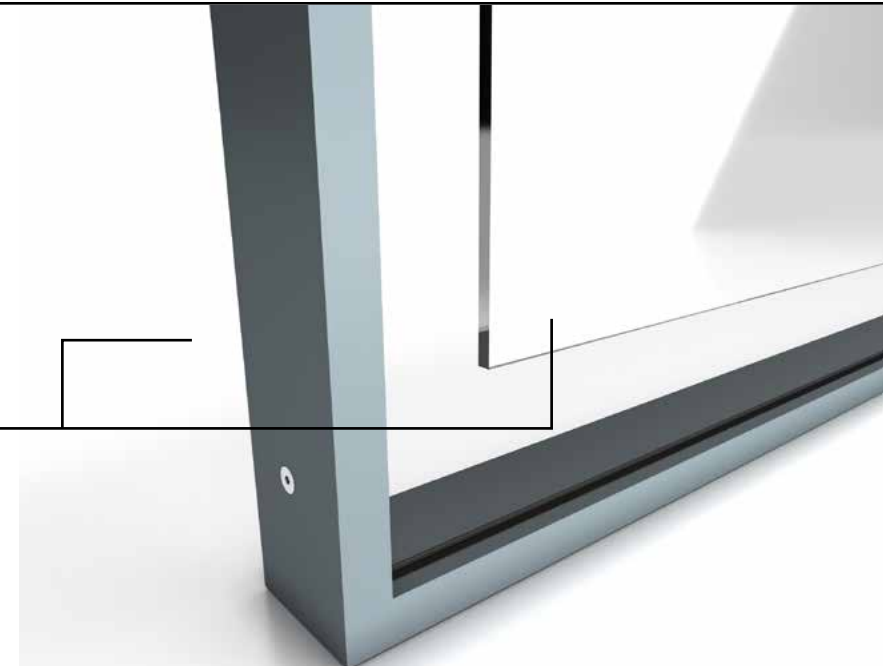

How It Works

Nexus Vue seamlessly integrates with standard Nexus frames and attaches with compatible hardware. Standard Sizes match Nexus and custom Sizes are also available.

Options for **glass** or **acrylic** at 1/8" and 1/4" thicknesses

Headquartered and manufactured in the USA, Agam is one of the largest wholesale, aluminum-based exhibit manufacturers in the US. With over 130 proprietary extrusions, our Nexus tool-free wall system, and the best equipped plant in the industry, we can realize practically any design. Off-the-shelf or custom, our turnaround times are unmatched. With our 115,000 square foot facility, we have plenty of space for manufacturing, staging and storage.
